Safety Gate: Rapid Alert System for dangerous non-food products - most recent alerts •

Alert number: A12/01057/20

Product: Particle filter mask

Name: Respirator disposable face mask

Risk type: Health risk / other

Category: Protective equipment

Brand: Unknown

Type / number of model: non for medical

Type of alert: Products with serious risks

The particle/filter retention of the material is insufficient (measured value $\leq 89\%$) and the mask does not properly adapt to the face. Consequently, an excessive amount of particles or microorganisms might pass through the mask, increasing the risk of infection if not combined with additional protective measures. / The product does not comply with the Personal Protective Equipment Regulation.

Measures ordered by public authorities (to: Other): Marking the product with appropriate warnings on the risks

Description: KN95 protective respiratory filtration half-face mask.

Packaging description: The product is wrapped individually in a plastic bag and packaged in a white cardboard box containing 40 pieces.

Barcode: Unknown

Counterfeit: NO

Batch number: Production batch: DY2020Y05M, Production date: 2020.5.8

Country of origin: People's Republic of China

Alert submitted by: Belgium
