Safety Gate: Rapid Alert System for dangerous non-food products - most recent alerts ❗

Alert number: A12/01032/20

Product: Particle filter mask

Name: Particulate respirator

Risk type: Health risk / other

Category: Protective equipment

Brand: ZX

Type / number of model: KN95, ZX9001

Type of alert: Products with serious risks

The total filtration capacity of the mask is insufficient (measured mean value $\leq 59\%$). Consequently, an excessive amount of particles or microorganisms might pass through the mask, increasing the risk of infection if not combined with additional protective measures. / The product does not comply with the Personal Protective Equipment Regulation.

Measures ordered by public authorities (to: Importer): Marking the product with appropriate warnings on the risks

Description: KN95 protective respiratory filtration half-face mask.

Packaging description: The product is wrapped individually in a white and blue plastic blister.

Barcode: Unknown

Counterfeit: NO

Batch number: Unknown

Country of origin: People's Republic of China

Alert submitted by: Belgium
