

Alert number

**A12/00673/22**

Product

**Particle filter mask**

Risk type

**Health risk / other**

**The particle/filter retention of the material is insufficient (measured values: as low as 55%). Consequently, the product does not fulfil the health and safety requirements; thus, even if combined with other recommended measures, it may not properly protect the user.**

**The product does not comply with the Personal Protective Equipment Regulation nor with the European standard EN 149.**

Category

**Protective equipment**

Type

**Consumer**

Description

**Re-usable protective respiratory filtration half-face mask, washable up to 20 times, with adjustable ear loops, and a cotton outer layer. The mask is marked with FFP2 and has the CE marking printed on, and is available in at least 14 different colours. Product also sold online.**

Packaging description

**The masks are packaged individually in plastic pouches**

printed with the product information. These are then marketed individually or in white and blue cardboard boxes (containing 25 individually packaged masks) with printed product information. Both packagings have the claim "FFP2" and a CE marking.
